

# KIDS CLASSES

at the south orange-maplewood adult school

17 Parker Avenue, Room A110, Maplewood

[www.somadulthoodschool.org](http://www.somadulthoodschool.org) (973) 378-7620

## DISSECTION! DISSECTION! DISSECTION!

For kids, grades 3 and up, and their parents and guardians. You will dissect a frog; a real cow eye; an animal heart and a fish!

RICH COHEN, science educator at Liberty Science Center and retired CHS biology teacher.

Course: 0023. Fee: \$85 (parent and child). Four Tuesdays, Oct. 15-Nov. 5, 7-8pm, SOMS, room 102

## ORGANIZATIONAL SKILLS FOR ELEMENTARY SCHOOL STUDENTS

Find out ways you can guide your youngsters to get off to school on time, manage their papers and complete homework on time. DIANE THOMSON, founder of Creative Organizing.

Course: 0024. Fee: \$25. Tuesday, Oct. 22, 7-8:30pm, SOMS, room 103

## SUZUKI VIOLIN LESSONS

In cooperation with the school district for the fourth year, the Adult School will offer Suzuki lessons to small groups of K-4 students. Classes will be offered for beginners and continuing students. Classes will begin the week of November 11 at Columbia High School.

TODD VAN BEVEREN AND STAFF  
Course: 0026. Call 973-378-7620 for details.

## ORGANIZATIONAL SKILLS FOR MIDDLE SCHOOL STUDENTS

You will learn time management skills, how to set up study environments and a system for maintaining school materials. Parents attend the first session, students attend the second.

DIANE THOMSON  
Course: 0025a. Fee: \$45, Tuesday, Nov. 12, 7-8:30pm (parents) and Tuesday, Nov. 19th, 7-8:30pm (students), SOMS, room 103

## CHILDREN'S ENRICHMENT SATURDAYS

### CSI: WHO DONE IT?

Do you like to figure our mysteries and follow clues to solve them? Then you'll want to take this class, where you will be using the same techniques as the pros to analyze fingerprints, blood and DNA to solve a crime. For students grades 3-5.

DENNIS CANELLA has been teaching the Little Scientists program for 12 years.

Fee: \$36, plus \$15 materials fee paid first day of class. Columbia High School, room D110

Course: 0019. Four Saturdays, Nov. 16-Dec. 14 (skip Nov. 30), 9:30-11am

Course: 0020. Four Saturdays, Feb. 1- Mar. 1 (skip Feb. 15), 9:30-11am, CHS, room D110

### HOW THINGS WORK: ELECTRONICS FOR KIDS

How do switches turn things on and off? Can you really power a light bulb using fruit? This class is fun for both boys and girls and includes labs for hands-on learning and exploration. For students grades 2-5. ILONA ARNOLD-BERKOVITS, PhD Education Research, electronics hobbyist.

Fee: \$36, plus \$5 materials fee paid the first day of class. CHS, Teachers Cafeteria

Course: 0021. Four Saturdays, Nov. 16-Dec. 14 (skip Nov. 30), 9:30-11am

Course: 0022. Four Saturdays, Feb. 1-Mar. 1 (skip Feb. 15), 9:30-11am
