

# THE CLINTON SCHOOL SUSTAINABILITY COLLABORATIVE LAUNCHING FALL 2015

## WHERE WE LEARN MATTERS

In partnership with the South Orange-Maplewood School District and the Sustainable Jersey for Schools certification program, the Clinton School Sustainability Collaborative supports the school communities' efforts to go green by conserving resources, investing in a healthy school environment, and integrating sustainability into the educational experience and culture at Clinton School.

## CHOICES MATTER

Leading a sustainable life and supporting a sustainable school involves making choices that embrace the intersection where People, Planet, and Prosperity meet, without disrupting that balance.

## Clinton Sustainability Collaborative Goals:

Positive Impact on Student Health and Performance  
100% Environmental Literacy by Graduation  
Zero Environmental Footprint by 2020

## WHAT IS SUSTAINABILITY?

Sustainability means meeting the needs of the present generation (us) without compromising the ability of future generations (your kids and grandkids) to meet their own needs.

## Sustainable Jersey for Schools Certification Goals:

<b>Bronze Level</b>	(150 points)	end of school year 2016-2017
<b>Silver Level</b>	(350 points)	end of school year 2017-2018

THE CLINTON SCHOOL SUSTAINABILITY COLLABORATIVE  
Co-Chairs, Meghan Gosselink and Clare Payton
