*This week at the Parenting Center*

## **2e (Twice Exceptional) Parent Support Group**

2e (twice exceptional) students are gifted students whose performance is impaired, or high potential is masked, by a specific learning disability, physical impairment, disorder, or condition. 2e students tend to perform inconsistently across the curriculum, and frustrations related to unidentified strengths and/or disabilities can result in behavioral and social/emotional issues. This group seeks to address experiences and topics specific to South Orange & Maplewood families, and to provide a forum for parents of 2e learners to connect and share resources.
