

littleBits™ INVENTION NIGHTS

BUILDING & BONDING

National PTA, littleBits, and the Clinton PTA invite 3rd-5th Grade families to our pilot of a new STEM + Families program: “Invention Nights.”

Join us on Thursday, October 25th at 7pm in the Clinton cafeteria for snacks and invention! Each student-guardian team will build STEM inventions with a brand new littleBits kit. At the end of the evening, one student-guardian team will be awarded a special littleBits prize.

There is no charge for this event, but you will need to download an app in advance. Space is limited, so please register at...
